+++ The FE.N business opportunity – 5 minute plan +++ The FE.N business opportunity - 5 minute plan +++

1. The product: high quality and fashionable ladies' jeans in sizes 32 to 50.
2. Selling price for **each** pair of jeans, **all** styles, **all** sizes: **only €23,50**.
3. Every week new styles in the latest fashion. A huge market with a steady demand.
4. The business opportunity: **FE.N partner**

- Purchase price for each pair of jeans: **only €16,30 !!**
- **Over 30% margin** on each pair of jeans (€7,20) = **immediate income !**

This means, for example, for an average income in a lot of countries in Europe at present:
One pair of jeans sold = one hour less work.

- Complete right of exchange for agents and complete right of replacement should defects occur.

How can you become a FE.N agent? Fill in the application form and make a one-time purchase of one of the following FE.N starter packets:

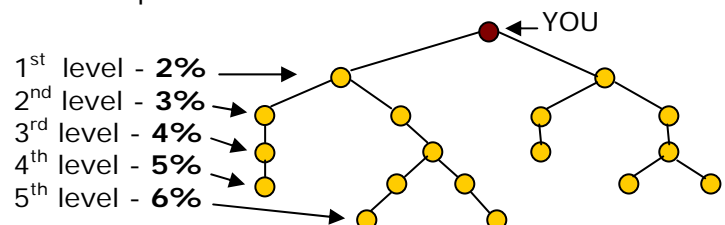

- master packet: - 100 jeans € 1.545,00
- **or** XXL packet - 50 jeans € 765,00
- **or** prof. packet - 30 jeans € 459,00
- **or** business packet - 20 jeans € 309,00
- **or** standard packet - 10 jeans € 159,00
- **or** mini packet - 5 jeans € 89,00

No further obligation to accept goods, no further charges, no fixed contract period, no minimum turnover when selling on one's own account.

5. The best way to greatly increase your income is through FE.N team marketing.

By building up a team you receive additional commissions from the purchases made by your FE.N team partners.

- Commission rate over 5 levels:

Monthly commission is paid on the purchasing volume of your team partners once a sales volume of €1.500 has been reached (from your own sales and / or sales made your partners on the 1st level).

Sample calculation: you have acquired 3 agents of your own, each of your agents acquires on average 3 further agents up to the 5th level and each agent sells on average 10 jeans per month. Your monthly commission: € 3.266,52 !!

6. Your personal income comparison:

Work it out yourself: a job which earns you € 400 for a maximum of 64 hours work per month gives an hourly wage of € 6,25. You can make the same money as a FE.N agent by selling 56 jeans a month, which can be achieved by holding approximately 5 jeans parties a month with a time investment of about 1 to 2 hours per party. This is equivalent to an hourly wage of € 30,00 to € 40,00.

Or think about your pension. How high will it be after working 45 years?

Ask for detailed information from your FE.N agent, at one of our weekly business presentations or directly from FASHION Europe.net – the Jeans Network Company.

An unbelievable business opportunity is waiting for you.
